Grade 5 Homework – Term 2
Cultural Diversity - Week 3

Times Tables Challenge:

- Choose a times table that you are not really good at. (Choose from 3-12s)
- Start at 0 and time how far you can get if you write the answers for that times table for 2 mins.

Here’s an easy one. 😊 Eg: 5, 10, 15, 20, 25, 30, 35, 40, etc
- On another day this week, have another go at it and see if you can beat yourself. Remember to use the final digit pattern to help you continue your pattern.
- Make a comment about your results.

Literacy
Write some convincing arguments for both sides of a persuasive writing piece titled ‘House points are a useful tool for teachers in the classroom’.
Make sure you include arguments ‘for’ and ‘against’.
Try to complete this in five minutes, just as will be expected to do on the NAPLAN test.
Rule your book up first and time yourself to see how much you can write in five minutes.
Then, after the five minutes are up, see how many more valuable arguments you can add.

Do these arguments in a different color.
